ABOUT MPA

The Michigan Production Alliance or MPA is a nonprofit (501c6) industry trade organization. Our goal is to encourage a more stable financial environment for Michigan film and video production companies, freelancers and support services.

Our mission is to provide professional and educational resources to anyone interested in producing media in the state of Michigan. MPA strives to promote and enhance the community of Michigan media professionals, both union and non-union, by providing resources such as crew and equipment contacts, seminars, workshops and various other industry related support.

The Michigan Production Alliance helps to organize the media community by working with other groups and our elected State representatives to build and maintain the foundations, which will allow production business to flow and our labor pool to grow.
